DRAGON'S LAIR

OPENING OF DRAGON COURT

Earlier this year Dragon Court opened its 'wings' and doors for business. The launch reception took place this month with the building being officially opened by Councillor Terry Buckett MBE, His Worship The Mayor of Henley. Nick Heyward, local artist and songwriter, from the 80s band Haircut 100, made a special guest appearance and took centre stage performing acoustic guitar versions of his hits. We have been trying to think of dragon related songs that Nick could have sung... So far we've thought of Dragon Days by Alicia Keys and Puff the Magic Dragon... If you can think of any more let us know.
